

7 SUMMER AT HOME TECH CAMPS
Grades 5, 6, 7 June 22-26, 2020 Cost \$25.00

#1 Construction Technology and Intro to Carpentry

Lance Mills, RBCTC Instructor

Create woodworking projects from kits created with lumber right off our River Bend sawmill. All fasteners, wood, and plans included. Families provide basic hand tools required, paint and stain. All parts are cut and ready for assembly. Daily ½ hour check-in on Zoom. (Up to 10 students)

#2 CSI-- Five Days of Crime Solving Adventures

Colleen Ford, RBCTC Criminal Justice Instructor

Practice gathering evidence and making cases that lead you down the path of crime-fighting infamy. Create and collect CSI evidence and narrative tales that prepare you for a career as an investigator! Daily ½ hour check-in on Zoom. (Up to 10 students)

#3 Babysitting Certification Course

Laura Shrewsbury, RBCTC Instructor

Take a ride on the developmental child side, learning strategies, safety, and fun activities to become a certified babysitter in your region. Every day will include a provided activity workbook, ½-hour Zoom check-in, and projects that will make your mornings fly by. (Up to 10 students)

#4 Animation & Game Design

Anthony Daniels, RBCTC Instructor

Use free and flexible online tools to create simple animations and games. Foundations of animation, animation tools, game design, and level design will all be explored as participants create their original works. A live instructor will be available each day to assist students with their projects. An internet connection will be required for the class, but any device with a keyboard is suitable for this course. Create online projects with programs that allow you to create art and moving characters that tell fun stories in the digital world. Computer access required. FULL

#5 Cosmetology at Home: Skin, Hair and Nails

Patti Eaton, RBCTC Instructor

Each day students will learn a little about proper hand and nail care. Students will learn massage techniques, make massage cream, different nail shapes, buffing techniques, and the best procedure for polishing nails. Students will receive items needed. 1/2 hour Zoom check-in daily. Fun guaranteed! (Up to 10 students)

#6 Cooking Class-- Make it special

Trace Heidenreich, RBCTC Instructor

Receive five days worth of quality ingredients and recipes to guarantee your first steps towards culinary greatness as a Sous Chef extraordinaire. Prepare sauces, sweet and savory dishes, baking, ethnic cooking recipes and more. Daily ½ hour demonstrations on Zoom. (Up to 10 students)

#7 Drone Technology

John Munson and Hollis Munson, BMU Technology Team

Experience the uses of drone technology for work and play, following a prepared daily lesson that brings you outside to test your drone on plans developed with the Munsons' creative expertise. Commercial and recreational opportunities explored. Drone provided. (Up to 10 students)
